## Local Red Cross Make Shipment

The work displayed by the local branch of the Red Cross last Friday afternoon made a very fine showing, with 120 finished garments ready for packing and shipment. These are being sent to the Finnish Red Cross for Finnish relief.

We feel that this is a splendid accomplishment for the local organization and represents considerable time and effort on the part of the committee and all those who assisted in the work of making these articles.

The following is a list of the articles shipped to the Red Cross:

- 14 suits pyjamas, 2 to 15 years
- 2 child's waists
- 6 baby nighties
- 8 baby jetticoats
- 14 children's panties
- 4 nightgowns
- 10 baby quilts
- 2 baby outfits (sweater, booties and bonnet)
- 1 child's knitted suit
- 1 baby sweater
- 1 child's scarf
- 3 boys' sweaters
- 4 girls' sweaters
- 2 children's socks
- 2 men's socks
- 3 children's sweaters
- 2 girls' skirts
- 2 sweater and overall outfits
- 1 boy's coveralls, 8 yrs
- 3 bib overalls
- 1 boy's play pants
- 1 girl's strap overalls
- 1 girl's play skirt
- 4 boys' shirts, 14 yrs
- 2 girls' jumper and blouse sets
- 2 girls' jumper and sweater sets
- 2 jumper skirts
- 2 dress and pantie sets
- 7 girls' dresses
- 1 child's rompers

### For Soldiers

10 pair socks  
2 sleeveless sweaters  
The committee wishes to express its appreciation to all those who did sewing and knitting or assisted in any way to make this shipment possible, and advise that during the summer months the committee rooms will be open on Thursday afternoons only, from 3 to 5 o'clock.

## A. Stevens Heads Tennis Club

A meeting of the Tennis Club was held in the Bank last Thursday evening. The report showed the Club had enjoyed a very successful season last year and plans were laid for an active season this year, with a large increase in membership anticipated.

The season's play will get underway on May 19th, arrangements being made to hold an open tournament, put, on that date. Courts will be put in condition, with some new equipment and tapes added, in readiness for the opening.

Officers elected were: Hon. President, F. Moscop; President, A. D. Stevens; Vice-president, E. Kinsey; Secretary-treasurer, J. G. Dawson. C. H. McMillan will head the grounds committee.

Look at the label on your paper. It tells when your subscription is paid up to.

## Thumbs Up --- for a British Victory

Back at their home base after a successful attack on German warships off Bergen, Norway, these British fliers give the "thumbs up" sign which indicates a Nazi fighting ship has been sunk. British airmen were active today against Nazi-held positions in Norway.

## LOCALS

Miss Bertha Wall of Didsbury, was a visitor in town today.

H. J. Scholfield spent a few days in Calgary at the week-end.

Mrs. Pullan returned Sunday from Calgary, where she spent the past five weeks.

C. C. Stafford is nursing an injured foot, received by dropping a can of cream on it last Tuesday.

Mr. and Mrs. W. Wolged left last Friday morning to spend a holiday with their son, Edwin, in Seattle.

Mr. Tom Curley is a visitor in town from Iowa, renewing acquaintances and visiting scenes of former years when he was a resident here.

Mr. and Mrs. H. Ballam had as their guests on Sunday, Miss M. Irwin and Mr. Bill Irwin of Calgary. Mrs. Ballam accompanied them home for a few days' visit and will return Friday.

Mrs. L. Overby spent the early part of the week in Calgary visiting at the home of her daughter, Mrs. G. D. Zang. She was accompanied home by Mr. and Mrs. Zang and young son, who remained here for a couple of days.

Mr. T. Tredaway was a visitor at Lacombe on Sunday, where he addressed the Anglican congregation in an appeal for the raising of \$3,000 by the Calgary Diocese during the week. He was accompanied by Miss Winnifred Tredaway.

The Calgary Church Players are met with great appreciation wherever they go and have been in demand for return visits to Edmonton and other places. They are not entertainers but contributors to the worship of a religious service. They will be heard in the regular service at the United Church next Sunday and it is expected a large number will gather to hear them.

### TO MY MOTHER

My Mum—she means the world to me.  
No one on earth could ever be  
The inspiration, comfort, friend,  
With love divine, that knows no end.  
Someone to show me right from wrong,  
To make my life an endless song;  
To help one strive—and win success,  
So that each day brings happiness.  
If you could see My Mum you'd know  
The reason why I love her so  
Her words of kindness, hope and cheer  
Banish every cloud and fear  
Her heart of gold, her smiling face,  
Sends sunshine flowing every place;  
A real companion, wherever you go,  
No wonder I adore her so.  
—Margaret E. Priest.

## LOCALS

The trees ordered by the Village Council and Board of Trade will arrive here Monday, May 13. Any one wishing to purchase any of these trees can get particulars from the Village Office.

Through a misunderstanding, we stated in last week's issue that stores would remain open on Wednesday afternoons during seeding. We have since been informed that all stores and places of business will be closed on Wednesday afternoons.

Honoring Orin Fike and Miss Ruth McBride, who were married last week, about sixty of their friends gathered in the Masonic hall on Sunday night. Mr. and Mrs. Fike were presented with a purse on behalf of those assembled, Wayne Heywood making the presentation.

## Board of Trade Meeting

The monthly meeting of the Crossfield and District Board of Trade was held in the United Church parlors on Tuesday evening last at 8 o'clock, with President J. Heskeith presiding. Minutes of the last regular meeting were read and adopted.

A communication from the Foreign Exchange Control Board, Ottawa, re distribution of cards to local business houses announcing their co-operation in paying the official premium on U. S. currency, was read and the Board approved of ordering two dozen of these cards for distribution.

In the absence of the chairman of the Public Affairs Committee, Mr. C. H. McMillan reported for the committee, giving an outline of the progress now being made on the down town park opposite the station. A flower bed has been laid out in the centre of the park and perennials will be planted there; a lawn mower has been purchased to keep the grass cut and the services of a caretaker arranged for.

The Board instructed the secretary to write the Village Council re damage to property in the north side park.

The Board authorized the purchasing of a flag pole for the park opposite the station and secretary was instructed to write the C. P. R. Calgary, explaining that the park had been greatly improved this spring and a flag pole purchased, asking them to donate a flag.

The secretary was instructed to write the Calgary Board of Trade inviting them to join the local Board in paying a visit to the ranch of F. Collicutt early in June.

The secretary was instructed to write the Village Council regarding the open ditch on main street asking them, if possible, to have all sods and ashes removed at an early date.

## Village Council Meeting

The May meeting of the Village council was held Monday evening May 6th with Mayor Wood and councillors Asmusen and Hurt present. The meeting was opened with the reading of the minutes of last regular meeting, which was adopted as read.

H. A. Bannister asked the council for permission to open a driveway off Oler street into his property, as it was difficult to get into his garage from the lane. The council granted his request providing he made the approach at his own expense.

Mr. Sine, representing the Atlas Lumber Company, was present at the meeting and made application for a permit to build a covered in lumber shed with a shingled roof. After some discussion and referring to the Village by-law it was found that the location of the proposed building was inside the fire zone which did not permit the shingled roof. Mr. Baker proprietor of the garage nearest to the proposed building was interviewed in the matter, he stated that he was aware that it would increase the insurance rate on his property in any event, and if a shingle roof made no difference in the increase of the rates he had no objection to the building having a shingled roof. The council decided that although the by-law did not permit a shingle roof, and under the circumstances, with the site located well to the south of the Village with no property nearer than the Crossfield garage the council might give special permission to build. On motion the council gave a permission to the Atlas Lumber Co. to go ahead and build.

## Presbytery Meet At Didsbury

At the meeting of the Red Deer Presbytery of the United Church of Canada held in Knox Church, Didsbury, last week, Rev. Norman Whitmore of Olds was a elected chairman and Rev. J. M. Fawcett, of Didsbury, secretary for the coming year. Lay delegates to Conference in McDougall Church, Edmonton, on May 22nd were elected and Rev. Fred Chapman of Bowden and Mrs. Davis of Olds were nominated as representatives to the General Council in Winnipeg in September. Appointments to the settlement committee of conference were Rev. G. G. Pybus and Rev. E. F. Kemp.

Plans for summer camps and schools at Kaosta Beach and Sylvan Lake, where more property has been purchased, were reviewed. Four students are taking up work in summer fields, two from Toronto being welcomed from the train. Vernon Fawcett, son of Rev. J. M. Fawcett of Didsbury, will work at Sundre, Gordon Pybus, son of Rev. G. G. Pybus of Carstairs, and A. Vogel of Westerdale were satisfactorily certified by St. Stephens College, Rocky Mountain House recommended a candidate for the Ministry.

Dr. Thomas Powell, Superintendent of Mission, was in attendance at the meeting.

### PORK CONSUMPTION ESSENTIAL

Pork and pork products, should be used extensively on the daily menu in order that the surplus now on hand can be reduced. According to Bacon Board figures, the surplus at January 15 last was 27,273,502 pounds. At the present time Great Britain has ample supplies on hand and can only accept the usual contract. It was hoped Canada would be able to sell considerable more to Britain when the Denmark market was shut off, but this has not materialized, and the next best thing to do is to consume as much as possible in order to keep the market from going to a new low level. The farmers apparently have been eating more eggs, veal and beef and selling their hogs, which helps to account for the present large surplus.

Most citizens take pride in their local park, a real beauty spot, equipped with the necessary swings, tables, etc., for the convenience of citizens and visitors who desire to use them. Putting the park into shape and supplying equipment for the convenience of the citizens has been quite an item of expense and the Village hoped that this property would be guarded by the citizens themselves so that no unnecessary damage would be done to equipment. Now we find that youngsters have broken up some equipment and disfigured others. Parents are asked to check up on their children and have this destruction to property stopped.

### To Aid France

"My parents approve," said Beatrice Phillips, daughter of U.S. Ambassador to Italy, pictured as she recently sailed from New York to France, where she will drive medical supplies for behind the lines.

### The World of Wheat

By H. G. L. Strange

At the suggestion of the Dominion Experimental Farms, in 1938 the "Crop Testing Plan" seeded a large number of special plots in Alberta, Saskatchewan and Manitoba, and with carefully measured amounts of seed in each plot. The plots were all sown on clean summer fallow.

On half of the plots the weeds were permitted to grow in the same way that they would grow in a farmer's field after his crop had been sown, and in the other half of the plots the Elevator Agents carefully pulled the weeds every few days during the whole course of the growing season.

The harvested material was analyzed by the Dominion Experimental Farms, at Ottawa, and the results of this experiment are real interesting. They reveal that for the average of the three provinces the wheat plots (using Thatcher wheat) that were weeded gave 42 bushels to the acre, and the plots that were not weeded gave 36.6 bushels to the acre, which means that when weeds are controlled, an increase of 6.3 bushels to the acre, or 17% more, was realized.

These results show clearly that money and time spent by a farmer in keeping down weeds in his fields should return handsome dividends following factors have tended

to raise price: Japan has taken a large quantity of Australian flour — Portugal recently purchased over one million bushels of Argentine wheat — the eighteen million bushels of old wheat "carry-over" in Australia has been sold besides ninety six million bushels of new wheat — Report from Yugo-Slavia continues unfavorable.

Following factors have tended to lower price: New wheat crop in India is approximately 10 million bushels greater than last year — Seeding has commenced in many parts of Western Canada — Spring seeding is progressing in the U.K. — Argentine soil conditions are mostly favorable for seeding — Picking of corn in the Argentine is gradually extending.

### Another Pipe Dream

Pipe lines from Alberta to British Columbia and also to the Great Lakes were predicted by Hon. W. A. Fallow in an interview in Vancouver last week. These would come he said, "when we have demonstrated beyond all doubt that the supply is there." He declared Alberta has "enough gas and oil to supply the British Empire for 100 years."

The major was questioning the ranks: "And what would you think if you saw a flag fluttering in the field like this?"

Private: "That the wind was blowing, sir."

## HIGHER SPEEDS, TEMPERATURES, PRESSURES!

## SO SCIENCE MADE THIS BETTER OIL

In the more powerful engines in today's cars, trucks and tractors, oil has to be tough to stand the punishment. The New Marvelube, developed in Imperial Oil research laboratories, is specially engineered for these faster, hotter-running engines of today.

Marvelube has long been a leader among motor oils. The New Marvelube retains all the original high qualities—now it also goes through new refining processes which make it even tougher, cleaner and more heat-resistant than before.

So the New Marvelube lasts longer. Your oil bills are lower.

It keeps any engine cleaner, livelier. You get more power from the fuel you use. Upkeep costs are reduced to a minimum.

Take advantage of the new savings this better oil brings. See your Imperial Oil agent about the New Marvelube.

## Again We Honor Mother

By BETTY BARCLAY

Mother's Day is probably the most popular of our new holidays. It's a typical home day when family and relatives honor the little woman who has kept things going for so many years. Here are recipes that "Mother" may follow easily if she elects to prepare the meals. They are so simple that "daughter" is assured of good results if she orders mother to rest and visit while she attends to the kitchen and dining room.

**Lemon Clover Rolls**  
2 cups flour, sifted  
1/2 cup sugar  
1/2 teaspoon baking soda  
1/2 teaspoon salt  
1/2 cup shortening  
Stiff dry ingredients and work in shortening. Add:

1/2 cup milk, soured with 5 tablespoons lemon juice  
Knead slightly. Form dough into small, walnut-sized balls. Place 3 balls in each cup of a greased muffin tin. Sprinkle with sugar. Bake in hot oven (450° F.) 20 minutes. Make 16-20 rolls.

**Pineapple Gem Kisses**  
2 egg whites  
1/2 cup granulated sugar  
1/2 teaspoon vanilla or almond extract  
1 dozen canned Hawaiian pineapple gems  
Silvered almonds or chopped walnuts

Beat egg whites until stiff, add sugar gradually and continue beating. Add flavoring. Rinse off cookie sheet, leaving no surface damp. Cover cookie sheet with a piece of unglazed brown paper. About 2 inches apart, spread 1-inch rounds of meringue. Top each round with a well-drained pineapple gem and then cover each gem with meringue. Sprinkle with silvered almonds or chopped walnut nuts. Bake in a slow oven (300° F.) for 45 to 50 minutes.

Yield: Approximately 1 dozen Kisses.

**Toasted Coconut Rennet-Custard**  
1 pint milk (not canned or soft curd)  
1 cup dry shredded coconut  
Toast coconut in hot oven, stirring occasionally until golden brown. Make rennet-custard according to directions on package, adding 1/2 cup toasted coconut to cold milk. When ready to serve, garnish with whipped cream and a sprinkle of toasted coconut.

**Lima and Celery Salad**  
2 cups cooked, dried Limas  
1 cup diced celery  
1/2 green pepper, minced  
1/2 cup French dressing  
Mix ingredients in hot oven or more before serving. To serve, arrange on lettuce leaves. Place a spoonful of mayonnaise on top and sprinkle mayonnaise with minced green pepper.

**Drip Coffee**  
Use one well-refined tablespoon drip ground decaffeinated coffee for each cup (1/2 pint) of boiling water. Preheat drip coffee pot. Put coffee in upper compartment of pot. Pour fresh briskly boiling water over it. Cover and let stand in warm place until all water has dripped through once. Remove upper compartment and cover pot. Serve.

**Magic Orange Ice Cream**  
(Automatic Refrigerator Method)  
1/2 cup sweetened condensed milk  
1/2 cup orange juice  
1/2 teaspoon grated orange rind  
1 cup whipping cream  
Mix sweetened condensed milk, orange juice, and grated rind. Chill. Whip cream to custard-like consistency. Fold into chilled mixture. Freeze in freezing unit of refrigerator until half frozen. Scrape from freezing tray and beat until smooth but not melted. Replace in freezing unit until frozen. Serves 6.

## Ernie's Dress-up Club

## GRATEFUL TO BRITAIN

The ruler of one of the smallest kingdoms in the British Colonial Empire was an interested spectator when the Machesters trooped the Colour in Singapore on Lady's Day. The dignitary was the Rajah of Perlis, a tiny state in the north of the Malay Peninsula, which has lived under British protection for more than thirty years. The gratitude of Perlis for peace and freedom under the British flag has been shown by a gift of nearly \$30,000, for Imperial war funds.

## FINISH HIGHWAY

## PROGRAM BY JULY 1

Alberta highways will be in shape to take care of full demands of the motor tourist trade this summer, according to assurance which Hon. W. A. Fallow, minister of public works, has given to officials of the Alberta Motor Association. The A. M. A. has consistently advocated that highway work should be advanced early in the season, so that construction will not interfere with tourist traffic, especially at the peak of the holiday season.

Work crews will start this season's program of maintenance and construction just as soon as the roads have dried out sufficiently for operations to commence, said the minister.

Mr. Fallow also declared that it was the intention to have the highways in as good shape or better than and previous year for motor traffic.

Satisfaction over the minister's assurance has been expressed in motor club circles as it is realized that a basic need in preparing for tourist traffic is to have the main highways in proper shape.

While flood conditions in this province in recent weeks are estimated to have caused damage amounting to \$500,000, early repairs are to be made to roads and bridges in view of emergency conditions.

Didsbury, Alberta.

## INDIANS DEFEND MALAYA

Radio is a boon for the troops of the Indian Army who form part of the garrison of the Singapore fortress. These men are able to follow events in their own country and the course of the war by means of the news bulletins broadcast by the All India Radio service in four languages: Hindustani, Punjabi, Urdu and Tamil. There is an Indian population of over half a million in Malaya and they take great pride in the part played in its defense by the Indian Army.

## CLASSIFIED ADS PAY

## Modern Turkey in the Air

Tension is high these days in Ankara, modern capital of Turkey. One hour and twenty-two minutes by air from the Soviet airdrome of Sebastopol, Ankara can almost feel the shattering impact of high-explosive bombs dropped from Russian bombers soaring overhead in full-out attack. But at the first sign of Russian aggression, 700,000 fighting Turks stand ready for mobilization and a spirited offensive with some 100,000 Allied troops stationed in the Near East. Against Russia, the Allied-Turkish front would strike simultaneously at Batumi, seaport terminal for Soviet oil shipped to Germany, and at Odessa, Russian naval base on the Black Sea. With Odessa seized and Batumi oil for their own machines of war, the Allies could then deliver real aid to possibly beleaguered Rumania.

The pretty aviatix in this picture symbolizes the power of modern Turkey in the air.

## Conditions in Bohemia-Moravia

Organs of the Czech and German press report increasing restrictions on the consumption and sale of goods, together with active attempts at evasion. The bags for instance, in which sugar is sold, are to be returned to the producer (Lidove Noviny, Narodni Listy). One stick of shaving soap is to last five months (Lidove Noviny). Every poultry farmer or chicken-keeper is to hand over 60 eggs per annum to the authorities for each hen which he keeps (Venkov).

On four consecutive days, 20th February, 1st, 2nd, 3rd March, Neue Tag published on its front page fines imposed for profiteering. Morgenpost warned customers that they would be punished if they bought textile goods in advance of the dates on their ration cards. At Mahrisch-Schönberg, a man was sentenced to five months imprisonment and 4,000 kronen for smuggling a horse (Die Ziet).

The Germanization of all Czech properties continues. From the Chamber of Commerce in Prague, it is learned that all Czech shops on the city's main square, the Va. clavske Namesti, have received orders to vacate their premises within six months making way for German firms. Several well established Czech retail firms have been seized by Nazi Commissioners. The drive for dispossession of the Czechs has thus already extended beyond the Jewish field" (New York Times)

Ladies- 15c Gents- 25c

Women through the years have stood  
Watch above a flame,  
Keeping it a glowing thing  
For the ones who came  
Tired, hungry, when the night  
Marked a kitchen's warm, red light.  
Nothing lovelier, I think  
Than a woman's face,  
Calmly bent above a fire,  
As with quiet grace  
She moves clean, deft hands to make  
Food more wholesome for love's sake.  
Something great and beautiful  
In her simple art—  
Something to delight the mind  
And make glad the heart:  
Women tending fires that men  
May be strong to work again.

The weather the past week has improved somewhat and farmers have been able under heavy soil conditions to make some progress at seeding. E. Bills has 100 acres seeded, and others have quite a few acres in. It rained Sunday and Monday, which held up seeding operations temporarily but today it is much warmer and looks more settled with seeding being pushed with all vigor.

## FOREIGN EXCHANGE ACQUISITION ORDER

## IMPORTANT NOTICE

As announced by the Minister of Finance, the Foreign Exchange Acquisition Order, 1940, has been enacted by Order-in-Council under the authority of the War Measures Act.

Unless exempted by the Order, every resident of Canada who, on May 1st, 1940, has any foreign currency in his possession, ownership or control, whether in Canada or outside Canada, is required forthwith to sell such foreign currency to an Authorized Dealer (i.e. a branch of a chartered bank) for payment in Canadian dollars at the official buying rate of the Foreign Exchange Control Board.

"Foreign currency", for the purposes of the Order, means any currency (excluding coin) other than Canadian currency and includes bank notes, postal notes, money orders, cheques, travellers' cheques, prepaid letters of credit, bank drafts and other similar instruments payable in any currency other than Canadian currency, and also includes any amount in foreign currency of which a resident has a right to obtain payment by reason of a deposit, credit or balance of any kind at or with a bank, savings bank, trust company, loan company, stockbroker, investment dealer or other similar depository.

The Order does not require the sale of any foreign securities.

The Order does not affect any foreign currency, deposit or securities of any non-resident of Canada and for greater certainty the Order expressly declares that a non-resident visiting Canada for business or pleasure for a period or periods not exceeding six months in the year continues to be a non-resident for the purposes of the Order unless such person enters or has entered Canada with the intention of becoming a permanent resident.

No resident is required to sell any foreign currency if he satisfies the Foreign Exchange Control Board that he held such foreign currency on May 1st, 1940, solely as trustee or agent for a non-resident and that the non-resident's interest therein had not been acquired from a resident since September 15th, 1939, except in a manner approved by the Board.

Under certain conditions stipulated in Section 1 (b) of the Order, a resident who is not a Canadian citizen may be granted exemption, but only after application for exemption is approved by the Board.

No life insurance company incorporated in Canada is required by the Order to sell any foreign currency which it needs for the purpose of carrying on its business outside Canada.

Further particulars may be obtained from branches of chartered banks. Any resident who has any foreign currency in his possession, ownership or control on May 1st, 1940, regardless of amount, should consult his bank at once in order to ascertain the extent to which he is affected by the Order.
